

Bernard Business Academy

Course Guide for 2024/2025

About Bernard Business Academy

Bernard Business Academy, a division of Bernard Business Consulting Sdn. Bhd., is dedicated to fostering sustainability awareness. We offer a comprehensive suite of training programs that blend technical expertise with human-centric development. While our core focus is on ESG, sustainability, and greenhouse gas emissions management, we recognise the importance of soft skills and leadership in driving lasting change. Our programs empower individuals and organisations to grow, adapt, and create a sustainable future.

Mode of Learning

e-Learning

Our e-Learning platform provides instant access to flexible, immersive courses for skill acquisition and enhancement anytime, anywhere.

Public Workshop

Our public workshops immerses participants in interactive learning with expert practitioners, real-time Q&A, and peer collaboration.

In-house Workshop (exclusive to consulting clients)

Our in-house workshop empowers our consulting clients with tailored programs to enhance knowledge, skills, and problem-solving abilities.

Our Methodologies

Experiential Learning

Humans learn best by doing. We engage our learners actively in hands-on experiences and encouraging reflection. Our goal is to equip learners with practical skills they can apply immediately.

Design Thinking

Design thinking is a human-centered approach to innovation that prioritises understanding user needs. We infuse this methodology into our course design, empowering learners and businesses to develop innovative, sustainable solutions that address real-world challenges.
